II. OTHER ACTIVITIES

1. As I indicated in our discussion this morning I have spent this week sounding out the members of SIC Staff concerning their activities during the past year, with a particular view toward developing any ideas for change, improvement, or projection of SIC's program. The only tangible result thus far has been the introduction of a number of changes in the upcoming Communist Party Organization and Operations, changes which I hope will help in removing the "academic" label which seems to have become attached to this particular course. I am planning to act as course supervisor for the July presentation.

2. I'd like to express again my thanks for your sponsorship of a very fine, and I hope productive, year at the National War College. I particularly appreciate, however, the warm welcome back.

3. Non-Agency Presentations:

15 June - FSI
"Political System"

25X1A

16 June - FSI

17 June - SIS - "Review of Communist Ideology"

17 June - FSI

4.  participated in the LAS seminar - A Comparative Study of East European Communist Parties in Government - on June 16.
